

Virtual Visitor Program

THE CONCEPT

An easy way for staff and families to move online to connect

We are offering ALL aged care facilities access to our Virtual Visitor Program solution. We provide training videos and an easy to follow email instruction guide to set up your Virtual Visitor Program which is a complete virtual visit system = using Zoom and an online calendar application.

How it works:

- set up a Zoom account
- set up an online calendar account
- set your time and days for visits
- send link to family members
- family choose a date and time
- a zoom meeting is **automatically** setup
- family and staff are notified by mail
- family and staff press 'start call' and chat away!

VIRTUAL VISITOR IS INCLUDED!

All tablets provided by The Moove&Groove Program have the Virtual Visitor Program set up and ready to go

- Zoom account set up
- Online calendar account set up
- Zoom and Calendar application linked
- We work with staff to define the days and times they are available
- Staff are trained to manage the process
- Our expert Moove&Groove trainers are available to help staff with any questions or support they need

We are experts in technology and guide staff into the world of online visits to ensure process is run efficiently. Contact us today find out more.

**Virtual
Visitor
included!**
